Leak Detection Chemicals & H.V.A.C. Cleaner

Complete A/C and Fluid Leak Detection Kit

Kit Includes:

- RELOAD™ A/C Dye Syringe Injector (1635393)
- Universal Leak Detection Dye for A/C Systems, 1 oz. (30ml.) bottle (1635386)
- Leak Detection Dye for Oil-Based Systems, 1 oz. (30ml.) bottle (1635388)
- Leak Detection Dye for Engine Coolant, 1 oz. (30ml.) bottle (1635390)
- LED Flashlight and Glasses (1635394)
- R-134a Hose/Coupler and Purge Fitting (1635541)

Universal Leak Detection Dyes for A/C Systems

Ultraviolet fluorescent universal dyes provide the most precise leak detection for all automotive air conditioning systems.

- Fluoresces green

- 1635385 - 1/4 fl. oz. Bottle, Pkg. Qty. 12
- 1635386 - 1 fl. oz. Bottle, Pkg. Qty. 6
- 1635387 - 8 fl. oz. Bottle, Pkg. Qty. 1

Leak Detection Dyes for Oil-Based Systems

Dyes for oil-based fluids, addressing systems containing oil, fuel, transmission fluid, power steering fluid, and more.

- Fluoresces yellow/green

- 1635388 - 1 fl. oz. Bottle, Pkg. Qty. 6
- 1635389 - 8 fl. oz. Bottle, Pkg. Qty. 1

Leak Detection Dyes for Engine Coolant

Fluorescent dye for all conventional coolants. These dyes are useful for locating leaks in radiators, hoses, heater cores, water pumps, and fittings.

- Fluoresces green

- 1635390 - 1 fl. oz. Bottle, Pkg. Qty. 6
- 1635391 - 8 fl. oz. Bottle, Pkg. Qty. 1

RELOAD™ A/C Dye Syringe Injector

Refillable and reusable universal A/C dye syringe injector with a 1 oz. capacity.

1635393

LED Flashlight and Glasses

A powerful blue light LED leak detection flashlight with an inspection range of 6 ft. (2 m).

1635394

R-1234yf Adapter

Use adapter to inject LeakFinder® Universal Leak Detection Dyes into modern R-1234yf air conditioning systems.

1635395

R-134a Hose/Coupler and Purge Fitting

Use this 7" hose/coupler to inject LeakFinder® Universal Leak Detection Dyes into R-134a air conditioning systems.

1635541

H.V.A.C. System Cleaner

Specially formulated to help alleviate odor problems associated with moisture in motor vehicle heating and air conditioning systems.

P17448 - 9 fl. oz. Aerosol

Service & Collision Essentials

Electric Vehicle Leak Detection

POE-Based A/C Dye Complete UV Leak Detection Kit for Electric Vehicles

High dielectric qualities protect all EV system components, including electrically driven compressors.

- Compatible with R-134a and R-1234yf Systems

Kit Includes:

- 3 Single-Dose Mini-EZ™ Dye Cartridges (1639088)
- OPTI-PRO UV Flashlight
- EZ-Ject™ Dye Injector Assembly
- Solid-Brass Swivel-Type R-134a Coupler with Check Valve and Purge Fitting
- R-1234yf Adapter
- GLO-AWAY™ Plus Fluorescent Dye Cleaner (2 oz.) Spray Bottle
- Fluorescence-Enhancing Glasses

1639089

POE-Based A/C Oil + UV Dye for Electric Vehicles

High dielectric qualities protect all EV system components, including electrically driven compressors.

- Compatible with R-134a and R-1234yf systems

1639086 - 5 fl. oz. Pouch

POE-Based A/C Dye MINI-EZ™ Injection Kit for Electric Vehicles

Fast and economical way to add leak detection dye to an electric vehicle's A/C system. High dielectric qualities protect all EV system components, including electrically driven compressors.

- Compatible with R-134a and R-1234yf systems

Kit Includes:

- 3 Single-Dose Mini-EZ™ Dye Cartridges (1639088)
- EZ-Ject™ Dye Injector Assembly
- Solid-Brass Swivel-Type R-134a Coupler with Check Valve and Purge Fitting
- R-1234yf Adapter

1639087

POE-Based A/C Dye MINI-EZ™ Cartridges for Electric Vehicles

Specialized cartridges for single dose. High-quality, concentrated dye fluoresces easily and does not alter the properties of the compressor oil. High dielectric qualities protect all EV system components, including electrically driven compressors.

- Compatible with R-134a and R-1234yf systems

1639088 - 0.25 fl. oz. Cartridge

Service & Collision Essentials

Electric Vehicle Safety and Insulated Hand Tools

Straight Cuff Gloves

Natural rubber construction offers excellent dielectric properties combined with flexibility, strength, and durability. Features a contoured shape which reduces hand fatigue and a rolled cuff for increased durability during donning and doffing.

Classification	Size	Length (Inches)	Color	Item No.
0	Small	11	Orange	1375464 ²
	Medium	11	Orange	1375665 ²
	Large	11	Orange	1375621 ²
	X-Large	11	Orange	1375583 ²
	2X-Large	11	Orange	1375659 ²
	3X-Large	11	Orange	1375612 ²
	Small	14	Black	1375687 ²
	Medium	14	Black	1375633 ²
	Large	14	Black	1375596 ²
	X-Large	14	Black	1375662 ²
	2X-Large	14	Black	1375499 ²
	3X-Large	14	Black	1375465 ²

²Usually ships in 3 to 7 days

Storage Bags

Provides protection for rubber insulating gloves.

- Natural canvas material

1375680² - 11"
 1375635² - 14"
 1375588² - 16"
 1375557² - 18"

²Usually ships in 3 - 5 days

Dielectric Matting Non-Conductive Corrugated Switchboard

- 1/4" extra-thick black vinyl runner with corrugated PVC surface for added traction
- Protects workers from high voltage equipment
- Use near fuse boxes, control panels, high voltage work cells, and heavy electrical equipment up to 17,000 volts

Width (Ft.)	Length (Ft.)	Item No.
3	4	1639035
	6	1639036
4	4	1639037 ⁵
	6	1639038 ⁵

⁵Usually ships in 3 to 4 weeks

Electrical Rescue Hook

The safest way to retrieve a victim of electric shock while protecting the rescuer. Being electrically insulated they allow the rescuer to separate the victim from the power source to allow first aid to be administered safely.

- Fiberglass construction
- 6' pole length
- Made in the USA

1641221

1,000 Volt Comfort Grip Quick Disconnect Screwdrivers 13 Pc. Set

Quick change ergonomic comfort grip handle reduces hand fatigue and allows user a greater grip with less effort to improve torque as well as user performance and comfort.

Contains:

- Phillips: #0, #1, #2
- TORX®: T15, T20
- Slotted: 2.5, 3, 4, 5.5, 6.5
- Quick change handle
- Two color-coded quick change rotating caps

DY81100600

Insulated Cutters and Plier 3 Pc. Set

- Heavy insulated composite handle
- Meets OSHA and ASTM S1505-94 requirements for working on or near energized conductors or circuit parts TORX®: T15, T20
- Approved for high voltage (1,000V) applications

27875 - 3 Pc. Kit with pouch

Includes:

- 27871 - High Leverage Lineman's Plier, 9"
- 27872 - Long Nose Plier with Cutter, 8"
- 27873 - Hi Leverage Diagonal Cutter, 8"

Electricians Nutdrivers (1,000 V Insulated) 6 Pc. Set

- Certified to 1,000 volt AC or 1,500 volt DC
- Includes: 3/16" through 1/2" in plastic pouch

DY89411049

Service Essentials

TPMS Sensors and Programming Tools

TPMS Sensor and Tool Bundle

Kit Includes:

- 24 RS+ Sensors with Rubber Snap-In TPMS Valves (1635719)
- 1 AVT41 Wireless TPMS Tool (1635723)

1639028

Universal TPMS Sensor and Replacement Valve

The RS+ Dual Frequency TPMS Sensor with snap-in rubber valve.

- 99.7% coverage and 100% OE mimic functionality
- Frequency Range: 315 MHz and 433 MHz

Description	Item No.	Pkg. Qty.
RS+ Sensor with Rubber Snap-In TPMS Valve	1635719	12
Silver Fixed-Angle Metal TPMS Valve	1635721*	20

* Replacement valve only.

AVT41 - TPMS Wireless Tool

This wireless programming and diagnostic tool supports your workflow with wireless activation, cloning, programming, and ECU resets for Sens.it RS+ TPMS Sensors.

- Frequency Range: 315 MHz and 433 MHz
- Compatibility: Retrieves IDs from all TPMS sensors; programs and clones sensors
- Includes: AVT41 tool, carry case, OBDII cable, instructions, 5-year free updates once tool is registered

1635723

Profit-Enhancing Tools for Collision Repair Centers

PROS Profit Enhancement and Inventory Manager Tool earns you money by enabling you to charge for consumable repair products. PROS creates invoices, tracks jobs and integrates with CCC® Management System for faster entry, improved accuracy and reduced cycle time. Plus, easily track inventory levels and valuations with the PROS Inventory Management feature.
